RTV REAL·TIME VERIFICATION
Verification You Can Trust

MANAGED IDENTITY SOLUTIONS

PERSONNEL SAFETY & SECURITY COMPLIANCE

Advanced Personnel Identity Verification, Certification Tracking and Credential Management are critical elements of Personnel Assurance. To trust with assurance, you must know: Who an individual is; What they are trained to do; and, How active certifications and credentials impact access rights.
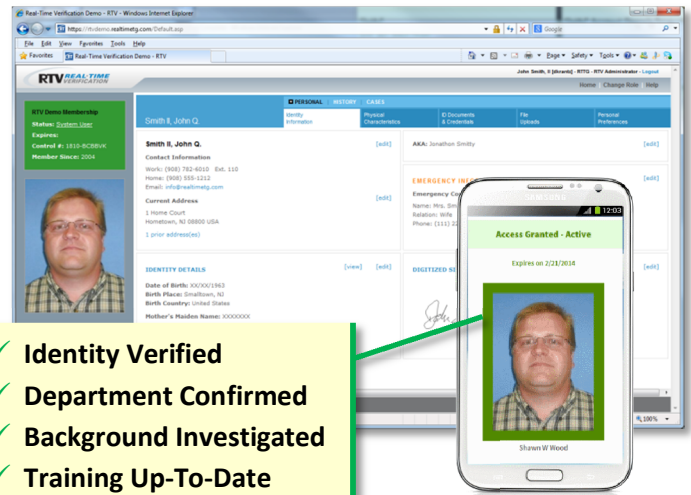

TRUSTED RESOURCE DIRECTORY

RTV facilitates the development of Trusted Communities for agencies, business partners and vendors. It provides need-to-know sharing of identity information that you rely upon for operational efficiency and effectiveness. RTV unites the efforts of public and private enterprises in support of regional safety and security.

"Businesses and organizations now bear the biggest liability and greatest monetary damage from identity theft and fraud."

PROVEN SOLUTIONS FOR CRITICAL PERSONNEL CHALLENGES

SECURE. TRUSTED. RELIABLE.
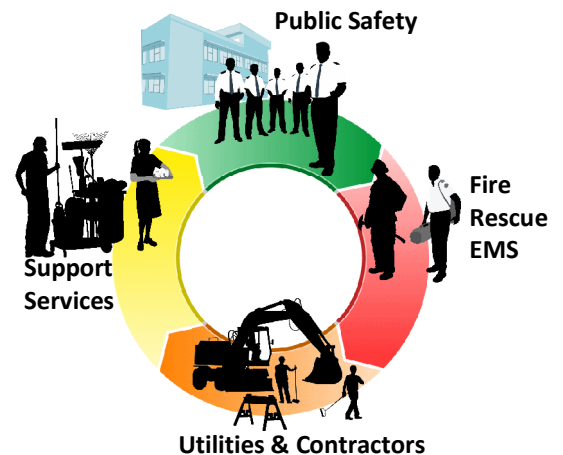

UNIQUE, TRUSTED
FIRST RESPONDER COMMUNITY

EPIC enables local departments to:

☑ Maintain current professional certifications

☑ Alert members and/or training officers of expiring certifications

☑ Print, issue and manage department ID cards

EPIC enables scene commanders to:

☑ Optimally deploy responders based on verifiable skillsets

☑ Authenticate mutual-aid responders and their qualifications prior to granting access to hazardous environments

☑ Better control and audit access to incident scenes

EPIC provides a secure, managed service that supports permission-based collaboration and need-to-know information sharing among local departments, county coordinators, regional response teams, state and federal agencies, and all the contractors who support response efforts.

Securely sharing this critical information through a highly accessible, Web-based system enables the most efficient use of limited resources, reduces risk, improves safety and security, and delivers immediate return on investment.
