SWAC™
Secure Worker Access Consortium
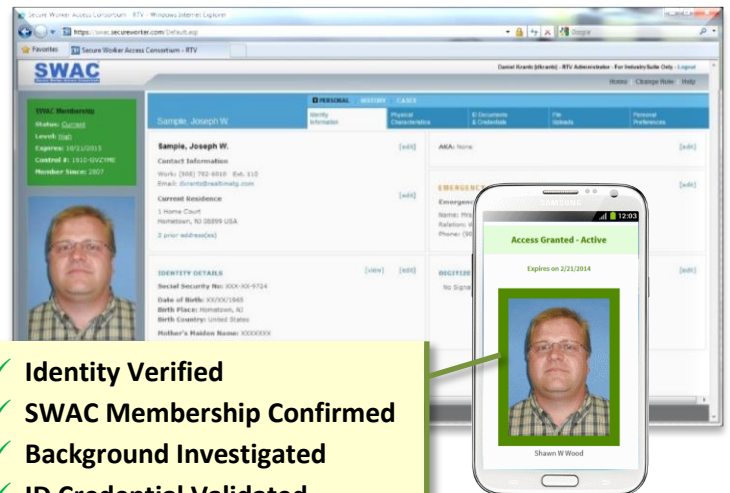

UNIQUE TRUSTED CONTRACTOR COMMUNITY

Inside threats pose great risk to the security of critical infrastructure, sensitive facilities and worksites. Verifying personal identity, employment affiliations and relevant criminal background screening are critical for safe and secure operations.

SWAC is a unique, cooperative personnel assurance program that enables the effective and efficient screening of people who require access to secure areas or confidential information.

"Businesses and organizations now bear the biggest liability and greatest monetary damage from identity theft and fraud."

PROVEN SOLUTIONS FOR CRITICAL PERSONNEL CHALLENGES

SECURE. TRUSTED. RELIABLE.

UNIQUE, TRUSTED PARTNERSHIPS
UNMATCHED STRENGTH

Successfully proven for more than 6 years, SWAC has united the efforts of security personnel and over 2,500+ contractors who cooperatively support the construction and maintenance of the World Trade Center Complex and regional transportation infrastructure.

SWAC has processed more than 100,000 membership applications, and this *Trusted Community* has been embraced by over 35 NY/NJ Unions, plus facility owner/operators such as the:

- Port Authority of NY and NJ
- Metropolitan Transit Authority
- US Army Corps of Engineers
- NJ Transit Authority
- NJ Turnpike Authority
- NY State Thruway Authority
- NY State Bridge Authority

This innovative program eliminates duplication of effort and cost among agencies, and helps to assure the proper balance among security requirements, project throughput and personnel data privacy.

SWAC Delivers Critical Elements of Success

☑ Securely Collects and Validates Personal Identity Information

☑ Organizes Resources by Active Affiliations and Skillsets

☑ Protects Organizations with Standards and Audit Controls

☑ Empowers Operations Managers with Accurate Real-time Information

☑ Provides Comprehensive Program Administration and Member Support
